

SCREENED 5e BLADEPATCH®

Siemon's new BladePatch patch cord offers a unique solution for high-density patching environments. It features an innovative push-pull boot design to control the latch, enabling easy access and removal of the cord in tight-fitting areas. The BladePatch cord is ideal for patching high density blade servers, patch panels, or any equipment with RJ-45 outlets.

All Siemon screened modular cords are assembled using premium stranded cable that meets all category 5e specifications. Choose Siemon screened BladePatch 5e patch cords for a perfectly matched, end-to-end channel solution with unparalleled performance.
